ROUTE 12B - PAVEMENT RECONSTRUCTION AND SAFETY PROJECT
VILLAGE OF HAMILTON & TOWNS OF HAMILTON & MADISON, MADISON COUNTY

PROJECT PURPOSE & NEED

- Several locations in the corridor have high crash rates that warrant consideration of capital investments to remedy safety concerns that are impacting all travel modes (vehicles, pedestrians, and bicyclists).
- Despite fair driving surface conditions, the underlying pavement structure supporting the roadway surface is severely deteriorated.
- Roadway and adjacent streetscape improvements are needed to support non-vehicular users and comply with standards.
- The roadway drainage system is in poor condition.

PRELIMINARY PROJECT GOALS & OBJECTIVES

- Enhance safety, access, and mobility for all users
- Rehabilitate the distressed pavement
- Address deteriorated drainage system
- Incorporate Complete Streets features and promote Active Transportation
- Improve pedestrian facilities to meet Americans with Disabilities Act requirements
- Support economic revitalization of the project area
- Enhance streetscapes
- Improve traffic flow and operations, calm traffic, and encourage lower speeds through the corridor
- Coordinate with planned Village of Hamilton and Colgate University projects

PROJECT COST

- This project is currently approved for $14.0 million in construction funding.

PROJECT SCHEDULE

- Scoping Phase (Spring 2023)
- Preliminary Design Phases/ Develop Alternatives (Spring/Summer 2023)
- Approve Preferred Alternative (Fall/Winter 2023)
